

17:00 - 20:00 - FSDI 102 Session #2 Ch44

- New HTML tag names:
 - `` ``
- `display: flex;`
 - display flex affects the first level of children.
- follow best practices on coding: indent the code use tab not spaces
- we were covering the file and/or folder path:
 - `./img/image.jpg`
 - `../img/image1.jpg`
- to submit the assignment or share your codes copy the URL (the URL bar of the browser) of your github repository
